NEW FRONTIERS UPDATE October 2024

What a journey the New Frontiers project has been! We capped off the celebration of the completion of Agricultural Hall with a cornerstone and major gift donor open house, building dedication and Ferguson College Family Tailgate. I want to thank everyone who joined us for these festivities and helped make this building a reality by investing in the future of OSU Agriculture.

Since opening its doors, Ag Hall has come alive. The building is full of students meeting, studying and socializing in collaboration spaces, such as huddle rooms, club and study rooms, as well as Larry and Kay's Dairy Bar. Ag Hall is truly a student-facing, friendly space used for an entirely transformative experience at OSU.
